

**'A good vaccine coverage amongst colleagues will be a very important step in reducing the disproportionate impact of COVID-19 in our communities. Getting vaccinated will help protect our loved ones and the patients we care for'**

**Gilly Lee**

Neighbourhood Lead,  
Manchester Local Care Organisation

**The phase 3 study of Pfizer BioNTech COVID-19 vaccine demonstrated a vaccine efficacy of 95%, with consistent efficacy across age, gender and ethnicity.**
